

Our Town

By Peggy Blanchard

Campbell will bloom with golden gardens from one end of the district to the other, if plans of the Golden Gardens committee here are carried out.

Their program is part of a state-wide movement to make California a blaze of golden flowers during the centennial years of '48-'49 and '50.

Santa Clara Valley will be a garden of blooms in which roses of the variety "Sun Gold" will deck public parkways, California's golden poppy will brighten vacant lots and home-gardeners will concentrate on daffodils, golden glow, yellow chrysanthemums and gold-colored iris.

Flowers and shrubs approved for the project are species that do not require an undue amount of moisture. Poppy seeds will be distributed free as an inducement to further the Golden Garden plan.

Mrs. H. E. Peck was appointed Wednesday by Mrs. Bertha Rice of San Jose, district chairman, to take charge of the program here. Mrs. Peck will ask service clubs, the schools and other public organizations to assist with the plan.

Santa Clara County Rose Society has some plans for its own, too. Nothing less than to re-establish the Paul Scarlet rose throughout the Valley in showy numbers.

Paul Scarlet is the official flower of the county and the cultivation of slips and blooms over the next few years will lend gay contrast to the golden gardens idea.

It won't be surprising if the Army stalks into the Press office this week to tell us we're wrong about what a snooper-sniper is. It was described to us as a dark-light, target-insurance aid for field guns, and the man may have said "super-snooper-sniper."

For years, ever since atomic power was first discussed in 1931, we've been wishing someone would invent a joke as big as the threat of modern warfare, so that the fearfulness that marks our era might be a bit dispelled.

Maybe this snooper-sniper whimsy of the Army's is a tiny step in that direction.

It says here in a note from Ed Brajeovich that Campbell High School grads, class of 1945, held a dinner Friday night last in Country Woman's clubhouse. Marcelline Benesh was in charge of reservations and a good time was had by all.

The Romans had a word for it—they called it the ideo of March and looked on it as a gloomy season for the same reason we do—it was income tax day. —WHERE did I tuck those blanks—hand me my pen and adding machine!

To Speak at Church Dinner

Dr. Harley H. Gill will be the speaker at the fellowship supper to be held at the Congregational Church next Wednesday evening, March 17, at 6:30 p.m. Dr. Gill is the state superintendent of the Northern California Conference. He is also vice-president of the American Board of Commissioners for Foreign Missions, the foreign agency of the Congregational denomination. Dr. Gill is one of the best known figures in the denomination and is often referred to as the "dean of the superintendents." Klaude Bock is chairman of the committee in charge of arrangements.

Herbert Shadle, F. Steindorf Named On Citizens Charter Nominating Committee

Frederic T. Shipp, chairman of the Citizens Charter Movement Nominating Committee, today announced that 12 new names were officially added to his committee at last night's meeting in the Civic Auditorium, San Jose.

"Our committee now numbers 38 men and women, with county-wide representation, and is virtually complete," Shipp said. "Screening of the names of potential freeholder candidates is already under way, and we hope that the slate of 15 men and women to be supported by our or-

Zone Map of Voluntary Power Control Area

Farm Bureau, Industry and Power Co. Co-Operate To Solve Shortage Problem

Co-operation of ranchers in Campbell and other areas of PG&E's Zone II reduced the load on electric power lines by 3900 kilowatts Wednesday.

Only two violations of the voluntary agreement between the power company and Farm Bureau members here were noted.

Both cases resulted from misunderstanding of the arrangements for a holiday from pumping water in the area. And the two ranchers involved immediately complied on request.

Ranchers and power officials interviewed Wednesday were hopeful that continued success of the voluntary plan will make it unnecessary to resort to pulling master switches throughout the Valley.

Burden of the drastic 20 to 25-000K.W. daily curtailment in electric use announced for Pacific Gas and Electric Company's San Jose Division Saturday and borne by large industries previously, will be shared, at least for the balance of the week, by industry and agriculture alike. The plan went into effect Tuesday, March 9, at 8:00 a.m. in Zone I of the district shown in the accompanying map.

This method of effectuating the emergency orders of the California Public Utilities Commission is the result of local conferences with representative of the Santa (Continued on Page 8)

Homer Hyde Is C of C Director

Homer H. Hyde was elected to the Board of Directors of Campbell Chamber of Commerce Friday, March 5, to fill the unexpired term of Alvin Conley.

Mr. Conley resigned as a director Feb. 21 because of ill health.

The next meeting of the C. of C. will be held March 17 in Country Woman's clubhouse.

SIGNS OF THE TIMES

By HARRY BLANCHARD

There must be a great many people in Campbell who are wondering just what all the talk on incorporation is about. Those who have moved here since the last election on the proposal in January of 1947 will be interested in knowing some of the details of the plan.

Last year, that is, in the latter part of 1946 and through 1947, the Campbell Chamber of Commerce, under the presidency of Ira Grim, present Campbell Post Master, voted to act as a sponsoring civic body in creating a plan for the incorporation of the town. A report, rather heavy with figures, was processed by John Lynch, an authority on tax and civic affairs. This report gained wide interest, and became famed as "the Lynch Report." It dealt with tax questions, boundaries, fire, sanitation, water and police districts. In the face of criticism from ranchers and rural groups, the Lynch report stood out as the one real basis from which to work towards incorporating the town. There had to be a beginning and that was it. However, it subsequently developed that the boundaries of the proposed town encompassed too much territory to make the plan acceptable to all the people in the vicinity. People with rather large land holdings felt that they would be unjustly discriminated against by being obliged to help support a town, in which they were not an integral part. They felt they were too far out, and would not receive the benefits of people living closer to the center of things, and who might conceivably have more of an interest in seeing the town incorporate.

After much pro and con discussion, meetings, and street corner oratory, a hearing on the boundaries was called by the Board of Supervisors. The Board room was crowded with people who wished to effect a change in the limits of the town. The Supervisor for this district, Joseph McKinnon, actually had no choice but to grant them their requests and order a new boundary established. This was on November 28. Within a short time, through the cooperation of the county engineer and the county assessors office, the new map was drawn, and the property lying within was assessed anew. The present line, encompassing a large tract of land between the San Tomas Creek on the west and Los Gatos Creek on the east and extending to the south side of Hamilton avenue on the north and Kinton and Budd avenues on the south, appears to be satisfactory to all, or perhaps we should say, nearly all, the people living within its boundaries. Now, that does still represent a very fine town-site. The (Continued on Page 8)

C. of C. Directors Hold Lengthy Meeting Incorporation Nominees Suggested

At a meeting of the directors of the Campbell Chamber of Commerce held last Friday night, a report was read by Secretary Forrest Reese on names that had been submitted during the past few weeks for consideration as possible city officials if the town should vote to become incorporated. Election is scheduled for May 25.

The list submitted comprised the names of many who, due to their residences being without the bounds of the incorporated lines of the proposed city, would be ineligible. It was pointed out by Mr. Reese that he was merely submitting the names gathered from all sources, and that there were many not mentioned who must be considered as good timber for the various council posts and for clerk and treasurer.

Those directors, present at the meeting were: Forrest Reese,

James Brand, Gus Standish, Ben Strong, Walter Silberbaur and William Henley. Harry D. Blanchard, Chamber president, was absent. Gus Standish, Vice President, officiated. Discussion of the group centered around the May incorporation election.

Word had been received from Attorney Richard Morton, who represents the Chamber of Commerce, on the urgency of interested citizens in securing nominees for the city offices. Mr. Morton had told the Chamber that qualified nominees must have their names submitted, and attested, not more than, 60 nor less than 40 days prior to the election. Procedure is that 10 registered voters of the proposed area must nominate, by signature, each candidate. Approximately 30 names have been mentioned, out of which number half may agree to having their names entered as candidates. Present prospects are

that only about 15 names will ultimately be selected as definite nominees. Mr. Morton pointed out to the Chamber that the necessary time is very limited in which to qualify candidates. Action must be taken immediately to insure a slate of people acceptable to the town as a whole.

More Names Desired
Consensus among the directors was that more names of possible nominees was desired. It was felt that so many of those now submitted might be unable to serve due to ineligibility or for other reasons that at least another 10 or 12 names should immediately be suggested. Any individual or organization is welcome to submit the names of persons they deem eligible for the posts.
Those now mentioned are:
For City Clerk: Lewis R. Brown, Archie Brydon, T. A. Cutting.
For City Treasurer: Miss Mar-

Final Reports On O'Connor Building Fund Due At Dinner Tonight

New 4-H Club Organized at Union School

The 17th 4-H Club in Santa Clara County was organized Friday night, March 5, at the Union School by George D. Shambrook, assistant farm advisor of the Agricultural Extension Service. Members of the club reside in the Union School District. Enrollment of the new club includes 12 boys and girls of this rural area.

Officers are Gerald Polen, president; Ray Murphy, vice-president, and Barbara Myers, secretary. The adult leaders of the group are Paul Ridley and Mrs. Chester Root. Mrs. Root will be the clothing leader for the girls while Ridley will supervise agricultural projects.

The organizational meeting followed a pot-luck supper which was attended by parents and the prospective club members. Mrs. Root had charge of making the arrangements for this phase of the meeting.

The next meeting of this group will be Thursday night, March 25.

Rotary Service Stressed by Speaker

Clarence Phillips, past president of San Jose Rotary Club was guest speaker at the regular Monday meeting of the Campbell Rotary. Mr. Phillips commended Campbell members on their newly chartered organization and stressed the matter of Rotary support of Red Cross campaigns, vocational training projects and particularly community service.

Shower Ups Water Level

Water levels here rose .16 during Monday's rain shower, water company readings indicated.

More important, and more encouraging, was the four or five inches of rain and snow that fell in the foothills and Sierras.

Rainfall in the Campbell area is still less than a third of "normal"—and only a fraction of its former self in the high, cold mountains, on which this and other parts of the state depend for moisture during the summer.

Campbellites Earn Degrees

June Frances Kopplin and Duncan McConnell of Campbell will receive A.B. degrees from San Jose State College at the close of the winter quarter March 19. Miss Kopplin will also receive a kindergarten-primary teaching credential.

There are 88 in the March class, of whom 15 will receive A.B. degrees with teaching credentials, 63 will get A.B. degrees only and 10 postgraduates will obtain their teaching credentials. The number obtaining degrees is four more than at the end of the autumn quarter.

Urges Public To Support County Red Cross Blood Bank During Drive

Campbell and all other communities of the San Jose Red Cross Chapter are urged to support the expanded Santa Clara Valley Blood Bank in a statement issued by Alistair R. Anderson, chapter manager and acting director of the bank.

In asking for wholehearted support of the blood bank by residents of the Campbell area, Anderson also has emphasized that the expanded bank has assumed responsibility for furnishing an adequate supply of free

With subscriptions to the O'Connor Hospital building fund standing close to a million dollars, the final report dinner meeting of the campaign is set for 7 o'clock tonight, March 11, in Hotel De Anza, San Jose.

A total of \$991,450 was reported at the last campaign dinner Friday in Hotel Sainte Claire—an increase of \$36,123 in the preceding 72 hours.

The valley brigade, made up of local committees set up in 17 valley communities which send patients to O'Connors, stood third among field organization units with \$23,244, contributed by 401 donors.

Campbell stands third among valley units, with 40 subscriptions for \$2,869 reported by Joseph V. Gomes, chairman of the Campbell committee to aid the O'Connor campaign.

Santa Clara holds first place with 128 subscriptions for \$5,314, and Cupertino second with \$3,509 contributed by 81 donors.

The new grand total of \$991,450 is made up of \$856,688 from central committee, and \$134,762 from the field organization committee, which includes the valley brigade.

Patrick H. Peabody, general campaign chairman, yesterday appealed urgently to all campaign workers to turn in their reports at the final dinner meeting tonight.

Principal speaker at the dinner meeting will be J. Roger Deas of San Francisco, director of the National Conference of Christians and Jews, and a nationally known after-dinner speaker and radio commentator.

The citizens' committee conducting the O'Connor campaign is seeking funds towards a new hospital to replace the present antiquated structure built in 1889. The Sisters of Charity who administer O'Connor Hospital will underwrite half the cost of the new hospital, if the other half is raised by popular subscription.

Army Weapons To Be Displayed

The Army's new "snooper-sniper"—a dark-light range finder gadget will be displayed in Campbell all day Monday, March 15. Light and heavy machine guns, light mortars, field equipment and hand weapons from the 4th Infantry Division, Fort Ord, will be on exhibit in front of the Post Office.

Four infantrymen and a paratrooper with his jump equipment will accompany the display which is in connection with the Army's recruitment drive. Movies will be shown, weather permitting.

C. of C. Meets Wednesday

The Campbell Chamber of Commerce will hold its regular monthly meeting Wednesday, March 17, at 1 p.m. at the Country Woman's Club.

Richard Morton, attorney of San Jose, will be guest speaker. Matters of incorporation will be discussed. The public is invited.

blood to all residents of the area who need it.

"This is your blood bank in every sense of the word," Anderson declared. "The Red Cross and the Santa Clara County Medical Society, joint operators of the bank, are merely the agents who take the blood from the volunteer donors, handle and process it, and then return it to the people as it is needed. The people who receive the blood are for the most part the relatives, friends or (Continued on Page 8)

LEGALS

ORDINANCE NO. 361
AN ORDINANCE OF THE COUNTY OF SANTA CLARA, STATE OF CALIFORNIA, AMENDING ORDINANCE NO. 120 OF SAID COUNTY, BEING THE ZONING ORDINANCE OF THE COUNTY OF SANTA CLARA, BY AMENDING SECTION 10-AN THEREOF.

The Board of Supervisors of the County of Santa Clara, State of California, do ordain as follows:

SECTION 1.

Ordinance No. 120 of the County of Santa Clara, State of California being the zoning ordinance of the County of Santa Clara is hereby amended by eliminating Section 10-an of said Ordinance.

SECTION 2.

Ordinance No. 120 of the County of Santa Clara, State of California, being the zoning ordinance of the County of Santa Clara, is hereby amended by the addition thereto of new section to be designated Section 10-an constituting a map entitled, "Sectional Districts map, being Section 10-an of Ordinance No. 120, as amended, of Santa Clara County, California," which map is hereby incorporated and made a part of this ordinance.

SECTION 3.

This Ordinance shall be, and the same is hereby declared to be in full force and effect from thirty (30) days after date of its passage.

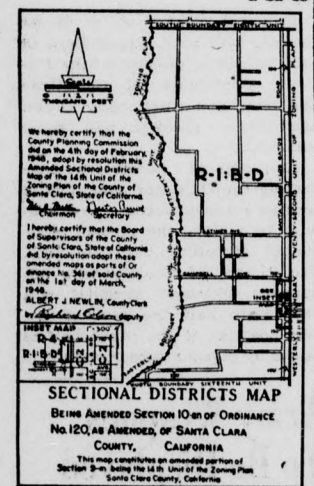

Regularly passed and adopted by the Board of Supervisors of the County of Santa Clara, State of California, at a regular meeting thereof held the 1st day of March, 1948, by the following roll call vote:

AYES: Supervisors: Brown, Cooley, McKinnon, Pfeiffer, Wool.
NOES: Supervisors: None.
ABSENT: Supervisors: None.

E. O. WOOL,
Chairman of the Board of Supervisors of the County of Santa Clara, State of California.

ATTEST:
ALBERT J. NEWLIN,
County Clerk and ex-officio clerk of the Board of Supervisors of the County of Santa Clara, State of California,
By **RICHARD OLSON,**
Deputy Clerk.

CLARK'S - DRUGS

Sewing Circle, Established in 1895, Marks Anniversary at Recent Session

Celebrating its 53rd anniversary, Willing Workers Sewing Circle of Valley View marked the occasion recently at a meeting in the Frank Gardner home, Leigh avenue.

Mesdames Edith Reise and Minnie Rowan and Miss Matie Gardner were hostesses for the day. Potluck luncheon, served at attractively appointed tables, was followed by a business meeting.

Mrs. Sarah E. Lester presided at the session and called for annual reports. Mrs. Lester, who celebrated her 100th birthday last August, was re-elected to the presidency and its now beginning her 45th year in that post.

Executives assisting Mrs. Lester this year will be Mrs. Matilda von Dorsten, first vice-president; Mrs. Melissa Burton, second vice-presi-

dent; Mrs. Emma Rita Barton, secretary; Mrs. Rena Gardner, treasurer, and Mrs. Maude Mabie, chaplain.

Mrs. Lester presented handmade work-bag accessories, containing needle and thimble compartments, to the members.

Mrs. Minnie Utter gave a talk on "Rebuilding of Palestine According to Prophecy," a book by George T. Davis.

Mrs. Ida Dolan entertained the club today with Mrs. Walter Murray as assisting hostess. Members brought sewing equipment and material for the bazaar project.

Present at the anniversary meeting were Mesdames Sarah E. Lester, Melissa Burton, Emma Rita Barton, Rena Gardner, Ida Dolan, Alice Lobdell, June Lester, Mary Murray, Maude Mabie, Cora

Social and Club Notes

Gardeners To Celebrate Club Birthday

First-anniversary celebrations for Campbell Garden Club are slated for its St. Patrick's Day meeting in Mrs. H. J. Harder's home, San Jose-Los Gatos road. Officers will be elected during the business meeting.

No new planting of shrubs or

flowers that require deep watering will be undertaken by Garden Club members this season.

Members recently passed a resolution to cooperate to the fullest extent in conservation of water. They will try to save shrubs already planted by efficient watering methods and to concentrate their gardens around plants that do not require much moisture.

Mrs. H. Barber gave hints and helps on chrysanthemum culture at a meeting March 3 in Country Woman's clubhouse.

IN SAN FRANCISCO

Mrs. Edna F. Smith is in San Francisco this week for a visit with her daughter. She plans to return Monday or Tuesday.

Deputy To Visit OES

Campbell chapter, Order of Eastern Star, will receive an official visit by Cora Duernberger, deputy grand matron of the 41st district, at 8 p.m. March 19.

The entire ritualistic work will be exemplified. Ella Elkey and John Duncan will preside. Mrs. Virginia Currie is general chairman.

Refreshments will be served at the close of the meeting.

CHURCH NURSERY

Friendly circle group of Campbell Congregational Church is taking charge of a nursery for small children during the Sunday morning worship service. Mrs. Jean Atkinson is chairman of the nursery committee.

The Campbell Press, Campbell, Calif., Thursday, March 11, 1943-3

Women's Club To Renew Pilgrimage

Two important events are scheduled by Campbell Woman's club in the near future.

The club will renew a pre-war custom April 6.

It's an annual pilgrimage, last held in 1940, to see tulip, iris and other bulbs in bloom at Niles.

Members will start the afternoon with a luncheon in International Kitchens before they visit the gardens at California Nursery near Niles.

Mrs. T. T. Cowper and Mrs. Sue Boyce are in charge of reservations for luncheon. Mrs. W. R. Morgan is chairman of arrangements and her committee also includes Mrs. D. W. Clark, Mrs. M. S. Walsh, Mrs. Roy Waggener and Mrs. E. E. Lanphear.

Nearer at hand is the annual Men's Night St. Patrick's dinner at 6:30 p.m. March 15.

Mrs. D. W. Ribble, chairman, announces that a "Tom Breneman" skit will be presented and prizes awarded for the best and most original creation in hats.

MORELAND PTA MEETING

Moreland PTA meeting will be held at 2:30 p.m. Wednesday, March 17, in Moreland clubhouse. Election of officers will be held and plans for a card party in April will be discussed.

Sgt. Arthur Philpott of the Traffic Investigation Bureau will give a talk on "Safety."

Child care will be provided for and refreshments will be served.

Alice Joy Keith, who arrived from San Diego Monday to spend a few days at her orchard home here, says she may have brought that spring rain with her early this week.

Methodist Circles Meet

Circles of the Women's Society of Christian Service of the Methodist Church will meet at 2 p.m. Thursday, March 18, as follows:

Mary Lewis circle of which Mrs. R. E. Schaeffe is leader, will meet with Mrs. E. R. Kennedy, South Winchester road. The hostess will be assisted by her mother, Mrs. A. D. Palmer.

Susannah Wesley circle will meet in Mrs. Pearl Norwood's home, North Union avenue, Mrs. C. C. Byrnes is assistant hostess and Mrs. Dale Floyd is leader.

Friendly circle will meet in the church parlor with Mrs. Fred Fellman and Mrs. Joe Keesling as hostesses. Mrs. Clara Baldwin is leader.

Evening circle will meet in the home of Mrs. Earl Buck, West Third street, Mrs. Betty Ritter will assist and Mrs. Everett Nelson, leader will preside.

Footlighters Hear Make-Up Man

Footlighters club heard a dramatics professor from San Jose State College discuss the art of stage make-up at a meeting Tuesday evening in the barn playhouse.

Mr. and Mrs. Robert Doyle and Mr. and Mrs. William Gould became members of the club. A vote of thanks was given for everyone who helped with the successful production of "Bertha the Beautiful Typewriter Girl."

Mr. and Mrs. J. L. Levenburg served refreshments.

Three sets of waves characterize earthquakes, the primary, the secondary, and the long waves.

Crew Earns Praise For Backstage Work On Seniors' "June Mad"

When the curtain goes up March 17 and 18 to display the acting of talented Campbell High School seniors, all the hard work and skill won't be showing behind the footlights.

Production crew for "June Mad," the senior class play, outnumbers the cast and has been on hand for afternoon rehearsals and extra work sessions that add up to the complete presentation.

Among the behind the scenes workers are Jeanne Currie and Marion Weltz to whom the cast look for prompting when they forget a line.

Maryevelyn Peterson and Margaret Kollmer, in charge of properties, check each item every night and scurry around to find the right article for a certain scene.

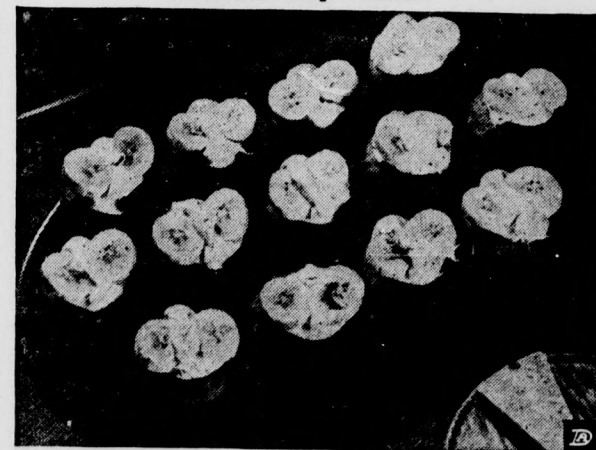

For make-up, the cast depends on the skill of Sherwood Rodgers

and Luella Devich who will be on hand back stage to fix smeared lips, a drooping eye lash, or any other mishap to the actors' make-up.

Credit should be given for the newly decorated sets to a group of seniors who came out on Saturdays to paper, repair and paint the sets. Those who gave the flats a new face were: Vic Corsiglia, Betty Jo Spears, Regina Smith, Wilma Simmore, Jean Cascio, Anita Simons, Lois Smith, Lorraine Miranda, Sherwood Rodgers, Florence Phillips, Eileen Goodsen and Carl Achterman.

Rehearsals have been held every afternoon after school, but starting next week will be held every night. The dress-rehearsal will be Wednesday, and then come the two big nights, Thursday and Friday, when "June Mad" will be presented to the public.

Banana Cup Cakes

Sliced bananas show off their good looks in these tempting banana cup cakes made with enriched flour for better food value.

Fruit variety is limited at this season so let's find different ways for using the "dependables" on the market. There are more ways than one to eat bananas. For proof, we offer these cup cakes with a real banana flavor, their fluffy frosting decked with two slices of the fruit.

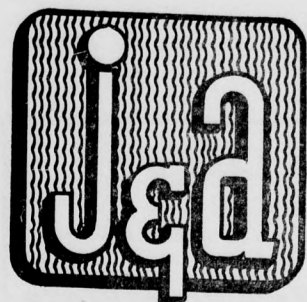

The cup cakes are made by the usual cake method, with the flour mixture added to the creamed mixture alternately with mashed bananas and milk. Measure ingredients carefully, sifting flour once before measuring. Preserve the golden yellow of the cut bananas in the topping by dipping them in lemon or other citrus juice.

Besides good eating, the cup cakes boast of good food value supplied by the enriched flour with its protein, iron, and B-vitamins. The recipe makes a sufficient quantity to serve at a casual afternoon tea, or for after-school snack and dinner dessert.

BANANA CUP CAKES

- 2 cups sifted enriched flour
- 1/2 teaspoon baking powder
- 1/2 teaspoon soda
- 1/2 teaspoon salt
- 1 cup shortening
- 1 cup sugar
- 2 eggs, beaten
- 1 teaspoon grated orange rind
- 1 teaspoon grated lemon rind
- 1 teaspoon vanilla extract
- 1 cup mashed bananas
- 1 cup milk
- 1/2 cup chopped nuts

Sift together flour, baking powder, soda and salt. Cream together shortening and sugar until light and fluffy. Add eggs, mixing well. Add orange rind, lemon rind and vanilla extract. Add flour mixture to creamed mixture alternately with bananas and milk. Fold in nuts. Fill greased three-inch muffin pans two-thirds full. Bake in moderate oven (350 degrees F.) about 25 minutes. Yield: About 14 three-inch cup cakes.

Flagg-Zumwalt Wedding Held Here Sunday

Louis E. Flagg and his bride of Sunday, March 7, will return from a honeymoon in Los Angeles and southern points this weekend.

They will occupy their new home, Loma Vista avenue, between Los Gatos and Campbell.

Mrs. Flagg is the former Leora Zumwalt Doglietto, daughter of Mr. and Mrs. D. W. Zumwalt of Mulberry drive and the bridegroom is the son of Mr. and Mrs. Phil N. Flagg, of Campbell.

The couple repeated their wedding vows in a double ring service to Rev. Lawrence Osborne, in Campbell Methodist church at four Sunday afternoon. Fruit blossoms, ferns and lighted cathedral tapers in candelabra decked the sanctuary against a background of twined ivy leaves.

The bride wore a pearl gray suit and her corsage was an orchid carried on a white Bible. She and her matron of honor, Mrs. Hugh Keeler, wore flowers in their hair in lieu of hats. Mrs. Keeler wore an aqua marine suit.

Mr. Keeler attended the bridegroom.

Mrs. Dorothy Austin, Donna and Mary Lou Zumwalt seated the guests and assisted at the reception afterward in the church parlor. They were gowned in pastel frocks.

Mrs. H. B. Gratran and daughter, Margaret, of San Leandro, assisted with the reception.

Mrs. Peggy Blackburn of San Jose played the wedding marches on the organ and accompanied Miss Beverly Beaudin, who sang "Because."

Mrs. Flagg, mother of the bridegroom; and Mrs. Zumwalt greeted their guests wearing dark-background print dresses and gardenias. The guests were from Campbell, San Francisco, San Jose, Berkeley and Oakland.

Mr. and Mrs. Flagg entertained out-of-town relatives at a buffet supper in their home after the reception.

The bride was entertained at a series of showers prior to her wedding. The bridegroom is employed by San Jose Steel Company.

San Tomas PTA To Elect

Election of officers will be held at the San Tomas PTA meeting to be held at 2:30 Tuesday, March 16, in the cafeteria of Campbell Grammar School.

All members are requested to attend. Refreshments will be served after the business meeting.

Manuel Cabral, 100 Sunnyside avenue, returned home last week from the Hawaiian Islands where he has spent six months visiting with friends and relatives.

Mrs. Guy Berg of Pollard road spent the week-end in San Mateo visiting with friends.

Cobalt is a metal resembling silver in appearance but with a slight trace of red.

Social and Club Notes.. around Campbell

Mrs. Longfellow Elected to Head Grammar P.T.A.

Mrs. J. R. Longfellow was unanimously elected to the post of president of the Campbell Union Grammar School P.T.A. at the Tuesday evening, March 2nd, meeting which was held in the school auditorium. Mrs. Longfellow took over the president's post in September, and finished out the term of office left vacant by the resignation of Mrs. Thomas Crow.

Serving with Mrs. Longfellow during the year 1948-49 are officers elect: First vice president, Mrs. L. W. Brown; second vice president, Mrs. Clifford Gerlach; third vice president, Mrs. Lester Williams; secretary, Mrs. Homer Hyde; treasurer, Mrs. G. K. Schrader; historian, Mrs. George Danes; auditor, Miss Dorothy Merriman and parliamentarian, Mrs. Anita Perata.

Father's Night was also observed at the March meeting, with Superintendent William Henley speaking on the topic "Teacher's Build Foundations of Tomorrow."

During the meeting prizes for the recently completed paper drive were announced by Mrs. Ann Gardner, chairman of the drive.

Entertainment during the evening was provided by a string trio under the direction of Mr. Richard Gordon. Members of the trio included Joyce Klauson, Beverly Klassen and Mardel Sanders. After the business session refreshments were served in the cafeteria, at which time the teachers were introduced.

Organist To Play For Guild Tea

Herbert B. Nanny, Stanford University organist, will present a recital and talk at 3 p.m. Sunday in the choir-loft at Stanford Chapel, Palo Alto.

His program is presented Sunday by San Jose Chapter, American Guild of Organists, which will hold a business meeting before the recital.

Tea will be served after the program by a committee composed of Mrs. Charles Moser, Miss Laura Lee, Miss Elizabeth Wank, Mrs. Dorothea Morgan and Mrs. Jean Davis. The public is invited.

Neighbors Slate Card Party

We and Our Neighbors Club, at the corner of South Union and the Los Gatos-Almaden road, will hold its second public card party of the year at 8 p.m. Saturday, March 13.

Mrs. Paul Ridley and her sister, Mrs. R. A. Mirassou are co-chairmen for the benefit event.

They and their committee will serve homemade cakes and coffee at refreshment time.

Interior Modes... by René

Children can be taught neatness right from the start if they are given accessible and interesting places to store their toys and clothes. One designer suggests this cabinet arrangement for a room shared by a young boy and his sister. Simple painted devices on the sliding doors show each child what-goes-where.

Past Grands Pete Hostess

Past Noble Grands Club of Ada Rebekah lodge met Thursday evening, February 26, in the home of Carrie Silver.

A surprise handkerchief shower honored the hostess, who will leave early in April for a visit in New York.

Games and refreshments were enjoyed by Grace Gardner, Lillian Ohlen, Dora Bernadossi, Ruth Livingston, Myra Payne, Margaret Branstetter, Jessie Silberbauer, Ellen Arnold, Lottie Rice, Bonnie Silberbauer, Helen Hager, Alice Lathrop, Edith Morley, Etta Eddlemon, Helen Rice, Catherine Kilgallin, Angela Quetin, Thelma Whitmore, Ivy Triplet, Bessie Merrill, Evelyn Grant and Carrie Silver.

Hostess for the March meeting will be Jessie Silberbauer.

Deputy Visits Ada Lodge

District Deputy President, Maybell Taylor, accompanied by her Deputy Marshall, Eleanor Josephson paid her official visit to Ada Rebekah Lodge, Tuesday, March 2. Bonnie Silberbauer, District Deputy President elect was introduced by Maybelle Taylor.

Dora Bernadossi was named the new advisor to the Theta Rho Girls, the junior Rebekah group. Noble and Vice-Grands were guests. They are: Esther Young, Saratoga No. 337; Kathleen Pabika, Sunnyvale No. 363; Hertha Raggasch, Hesperian No. 70; Wilda Mason, Philotian No. 145; Dolly Weller, Stella No. 22; Dorothy Keeler, Josephine; Evelyn Spotswood, Saratoga No. 337; Jean Phillips, Cupertino; Ella Matheuson, Stella No. 22; Sadie Hall, Clara No. 34; Betty Mallman, Hesperian No. 70; Olive Powell, Sunnyvale No. 363; Virginia Wagner, Josephine.

Entertainment was furnished by Bessie Clark's dancing class, and Jessie Silberbauer and her committee served refreshments.

How we write the "BEST-READ BOOK IN TOWN"

2. High-speed blenders and trimmers like this are kept busy turning out finished directories. We issue 99 different telephone books on the Coast—a total printing of more than 6,000,000 copies a year. And in addition to the daily lists, completely new directories are printed frequently for information operators.

Millions of new working dollars...needed to extend and improve service...must come, not from telephone bills, but from thousands of people who put their savings to work in the telephone business. To attract these working dollars, we must pay a reasonable amount for their use. This depends on the sale of our services at fair and adequate prices.

1. Check...check and check again—that's how we guard the accuracy of your telephone book. It's a job for specialists, like those above, skilled in working with masses of names and numbers. Others give new numbers to information operators the morning following installation of a telephone.

3. It's always handy—there when you need it. Providing this service is an immense job. For example, the paper we used last year would fill three mile long freight trains. Yet publishing directories is just one of many things we do to furnish the best possible service to the West.

8 WAYS to Save Electricity in Your Home

Seemingly small savings of electricity in your home today, are more important than you may realize. Because every time you let a light burn needlessly or flip a switch and allow an appliance to run idly, it puts additional "load" on electric lines. Your extra use, multiplied by thousands of other homes, adds up tremendously. And at the other end of these lines, a generator must meet that load, using hundreds of gallons of precious water per minute. And because of the prolonged drought and extremely light snow pack in the mountains, the conservation of water is even more vital to the general welfare.

Watch Wasteful Use of Lighting and Save Electricity

1. FLICK OFF... lights when you leave a room.
2. TURN OFF... all lights you don't really need.
3. CHECK FOR... lights burning in unused rooms.
4. IT'S EASY... to forget porch and garage lights.

And Watch Wasteful Use of Appliances Too...

5. BURNED TOAST Toast that goes up in smoke wastes bread...electricity.
6. RAMBLING RADIOS Radios left to ramble on without listeners shorten tube life and waste electricity.
7. SIZZLING IRONS Irons that get "too hot" scorch clothes and waste electricity.
8. WEARY WASHERS Washing machines that run idly wear out sooner and waste electricity.

A SPECIAL MESSAGE TO BUSINESS MEN:

You can help save the day. The Public Utilities Commission's electric conservation regulations provide for a ten per cent reduction in use by stores, shops, restaurants and all business establishments. Rules prohibit illumination of advertising signs, flood lighting, show window lighting, etc., but we ask you not to stop there. Pull the switch on every circuit not vitally necessary. Cut down load in every part of your plant in the public interest.

REMEMBER—ELECTRICITY SAVED IS WATER CONSERVED!

California Bankers Adopt Voluntary Program To Fight Inflation

Members of the California Bankers Association have adopted a nationwide program to fight inflation, it was announced today by William A. Marcus, president of the association, and Senior Vice President, American Trust Company, San Francisco.

The program is a part of the nationwide anti-inflation drive which is being actively carried on by 15,000 banks in the United States in cooperation with the American Bankers Association. This program, which stresses the importance of the sound use of bank credit for production purposes and the need to discourage credit for speculation and unnecessary expenditures, will be discussed during the next few weeks by the bankers of the state at a series of eight group meetings in Sacramento, Sonoma, Berkeley, Gilroy, Fresno, Santa Maria, Los Angeles, and Lake Arrowhead.

"The commercial bankers of this nation have been and are fully aware of their responsibility for the proper use of bank credit," said Mr. Marcus. "They have met the credit demands of business for productive enterprise and must continue to do so in order to maintain the nation's economic well-being. Even though the total of bank credit has risen to a high level, this expansion has been necessary to supply working capital needed by business to maintain or increase production at rising prices.

"However, we feel that in view of the inflationary forces currently at work, a voluntary program of cooperation to increase production and distribution of needed food, goods and services and to discourage loans that are speculative or otherwise non-pro-

ductive will assist in checking inflation by helping to increase the supply of goods and diminish the demand.

Mr. Marcus stated that "The campaign against high prices and inflation being carried on by local banks does not mean any lessening of bank credit services to individuals, business firms or farmers. We simply urge that people help relieve the demand for goods by postponing purchases. If history repeats itself their dollar will buy considerably more later on.

"In the case of individuals, we suggest the following five-point personal program:

"Buy only what you need now.

"Borrow only for essential purposes.

"Spend carefully — avoid black markets.

"Save regularly in a bank account.

"Invest regularly in U. S. Savings Bonds."

"The members of the California Bankers Association," concluded Mr. Marcus, "urge the public to join them in carrying out the objectives of this program. Their financial services and experiences are readily available for use toward that end."

RETURNS TO CAMPBELL

Verne Allen, whose residence is at 130 Giles way, returned to Campbell during the past year after an absence of some six years.

He and his wife—the former Frances Spencer of San Jose, lived here on Rosemary lane before he enlisted in the Army Air Force in 1942.

He served as a B-35 pilot and air-photographer in New Guinea, the Philippines and in Japan and was separated from military service in 1946.

Allen is now professional photographer, having resumed his career interrupted by the war. He specializes in home portraiture.

Polytec Alumni Will Meet in Salinas March 18

A four-county regional meeting of California State Polytechnic College alumni members residing in Santa Clara, Santa Cruz, San Benito and Monterey counties will be held Thursday, March 18, at Salinas, it was announced today by Dick Romans, of Salinas, chairman of the regional meeting committee.

Assisting Romans in contacting alumni members residing in the Campbell area is Albert Smith, Campbell.

Featured speaker at the regional meeting will be Julian A. McPhee, president of the college and also director of vocational education of California. Accompanying the group from San Luis Obispo will be John Hanna, president of the alumni association; Carl Beck, chairman of the faculty commit-

tee on alumni affairs; a musical trio from the college music department, and several other members of the college staff.

The meeting will be held at the Salinas Inn starting at 7 p.m., Thursday, March 18, Romans stated.

Also working on the committee in charge of the meeting are: Vernon Ackerman, 614 E. 5th Street, Watsonville; Ray Carpenter, 102 Broadway, Santa Cruz; Moses L. Clemente, 43 Ricker Street, Salinas; Marcel Layous, King City; Loren McNichol, Gilroy; Elwood Randolph, Gonzales; Aldo Tognetti, King City, and Gunnar Sonden, 548 Monterey Street, Hollister.

If a tuna fish casserole is the featured attraction on a Lenten meal, make it more attractive by weaving a biscuit dough topping. Add two tablespoons chopped parsley to a biscuit dough using two cups enriched flour. Roll out the dough one-fourth inch thick. From half the dough, make linings for individual casseroles. Fill with a favorite tuna fish mixture. From the remaining biscuit dough, cut one-inch strips and weave together loosely to form a topping for each casserole. Cut to fit the shape of the container.

Average consumption of coffee in the United States is over ten pounds per capita.

Campbell Court Notes By Judge Blaine

Recreation as a preventative of delinquency is helping to teach Americans the value of play. It is a strange contradiction that while we Americans overemphasize certain types of sports we nevertheless have not really learned to play.

In point this town has not a trace of a real public park. There isn't even a public bench to sit on and watch people go by. Mean as it sounds, our new post office was especially arranged so that loafers could not have the fun of leaning against the front wall!

Play has been called the most divine activity of the Gods—if not before, then now here. Believe it or not, these court notes are written as a form of judicial play. And whoever does not feel that it is fun to be fined has never properly learned to drive a car.

We will soon be arguing about incorporation. But from one point of view there will be no argument. Running our own town would be fun. And the ones who would have the most fun would be the city fathers—properly, since the fun would be the only pay.

Much of our most common law-breaking is in principle merely play out of place. A motor vehicle for instance, is no right plaything. Driven in the play spirit a car means public peril. Even a bicycle is a dangerous plaything on a public street—and more so on a public sidewalk.

The spirit of good sportsmanship, or of play rightly played, could make all the difference in the world. And better facilities for right play would help to prevent much wrong play. A right community would have play facilities for people of all ages.

Cpl. L. D. Pierce With Air Force In Guam

HQ. 20th AIR FORCE, Guam—Corporal Loren D. Pierce, is a 19-year-old soldier in the 17th Communications Squadron, who works as telephone installer and repairman.

Enlisting in September, 1946, in San Francisco, he went to Lackland Air Base in San Antonio, Texas, for his basic training and then up to Scott Field, Illinois to telephone repairman school.

He was assigned to the Twentieth Air Force in June, 1947. His parents, Mr. and Mrs. J. W. Pierce of Campbell, California, watched him become the low and high hurdles star at Campbell Union High, from whence he graduated. In nearby San Jose Airport he piloted his own plane.

While on Guam he is attending radio code school at the Guam Area School.

In a recent carbine qualification on the firing range Cpl. Pierce qualified as expert.

Most yeast dough recipes call for "about" so many cups of enriched flour, rather than mentioning the exact amount. This is done because different flours absorb less liquid than others. Hard wheat flour, for example, usually requires more liquid than does soft wheat flour. Homemakers learn to add just the right amount of flour by a little experience in handling yeast doughs and batters.

Market Street in San Francisco was first laid out in 1847 by Jasper O'Farrell.

BLIND VETERAN NOW A PIANO TUNER—If all of the "sour" notes emitting from pianos is a true criterion, Francis Chambers (right), New York, should enjoy a lucrative business after completing training as a piano tuner. A Technical Sergeant with the 79th Division at the time he was wounded, Chambers—before the war—was training under Public Law 16, which provides for the vocational rehabilitation of disabled veterans.

Seek To Tidy Up State Policy on Tidelands Use

California's state-owned tidelands policies—which have been vague and variable, changing with each new tidelands administrator—will be considered from the viewpoints of the various interests concerned with their use and management at a public meeting of the California State Chamber of Commerce's tidelands study committee in San Francisco March 16.

Ever since Harry A. Mitchell, State Chamber president, announced nearly a year ago, that state policies concerning state-owned tidelands would be studied as a State Chamber project, research and study has been carried on. Leo E. Sievert, executive representative of the president, Santa Fe Railway System, San Francisco, is chairman of the tidelands committee, with the following members:

R. H. Beaton, executive vice president, California Fish Cannery Association, Inc., Terminal Island; Neil Cunningham, president Shoreline Planning Association, San Francisco; Claire Goodwin, president of the board, Oakland Port Commission; Benjamin J. Henley, executive vice president, California Pacific Title Insurance Co., San Francisco; Hubbard C. Howe, president South Coast Co., Newport Beach; Col. Charles T. Leeds, consulting engineer, Los Angeles; A. C. Mattei, president, Honolulu Oil Co., San Francisco; Ray E. Shreck, Mendocino Properties, Inc.

Committee members have conducted meetings in large and small communities affected by tidelands administration. The State Chamber's research department has made a lengthy study of the matter. Representatives of

OUR DEMOCRACY—by Mat

"WHERE THERE'S A WILL THERE'S A WAY" — IN THESE UNITED STATES

AMERICA OWES MUCH TO HORATIO ALGER. MANY OF THE MEN WHO TODAY HOLD PLACES OF LEADERSHIP WERE, AS BOYS, THRILLED BY HIS STORIES—DREW HOPE, INSPIRATION AND COURAGE FOR THE CAREERS THAT LAY AHEAD. BETTER THAN ALMOST ANY OTHER AMERICAN, HE PAINTED—FOR GENERATIONS OF OUR YOUTH—THE PICTURE OF AMERICA AS THE LAND OF OPPORTUNITY FOR THE INDIVIDUAL WHO STROVE TO MAKE THE MOST OF HIS CAPABILITIES.

WITH THE CHARACTERISTICS THAT ALGER STRESSED—PERSEVERANCE, THE WILL TO WORK, INTEGRITY AND INGENUITY—THE INDIVIDUAL CAN GO FAR IN OUR DEMOCRACY TODAY.

oil, lumber, fisheries, small vessel operation and small harbors will be given opportunity to express their views at the March 16 meeting as a further aid to the tidelands committee in formulating its recommendations to the State Chamber.

Wide variance has been discov-

ered in charges and conditions for use of tidelands in different communities, committee members declare. Through their study, they seek to establish sound state policy and end present confusion, which often discourages potential users of such tidelands.

The study is concerned only with the state-owned tidelands between mean high and mean low tides along California's 1000-mile shoreline. It does not concern title to offshore tideland areas whose asserted federal ownership is being disputed by California and other coastal states.

DR. JAY JACKSON, 85 South First St., San Jose, Calif.

"AS I REMEMBER CAMPBELL"

Campbell's oldest resident to live here continuously, Charlotte W. Sutter has written the following narrative of early days here especially for The Campbell Press.

This first-hand account of one of California's early natives and settlers will be published in a series of space permits. It is part of our Campbell celebration of the gold centennial year.

By CHARLOTTE W. SUTTER

The act for the admission of California into the Union was passed by Congress on Sept. 9, 1850. The first governor was Peter H. Burnett. San Jose became the first state capital 91 years ago. The early history of the state and its settlement is one of faith in an unknown land. The capitol was removed to Sacramento March 1, 1855.

The early history of California is a part of Spanish tradition. Coloma is the town where James W. Marshall in 1848 picked up the first flakes of gold. Untold wealth was in sight, but it was not a secret long. Exultantly rang the wild cry—Gold has been discovered in California. On a hill overlooking the town, now a ghost of the it was once, is a brown statue of Marshall, the left hand pointing to the discovery of gold.

During the Spanish and early American days the architecture was of a very rude character. The walls of the best houses were of adobe and the roofs generally of straw. The natives cut their crops with a sickle. Their agricultural products were limited and their implements crude. Their plows were constructed from branches of trees, where a proper crook could be found, the point and share being sometimes shod with a bullock's horn or iron. An oak branch served the purpose of a harrow, and their beasts of burden were oxen. Horses although numerous were hardly ever used. Their vehicles had but two wheels and these were a section of logs with holes bored through the center for the insertion of axles which were held in place by hardwood pins on each side. They lived on stewed beans and beef well seasoned with red peppers. For bread they used tortilla, a flat cake generally made of corn meal and baked on flat stones before the fire.

On the discovery of gold every person who could went to the mines, leaving the fields untilled and the mills idle. All business was suspended and everybody rushed to the mines. Many succeeded in securing a good supply of the precious metal. The grain in the fields grew and ripened, but waited in vain for the reaper, and was finally wasted or devoured by grazing cattle. The town and country were deserted. There being no crops for want of harvesters, all food supplies went to fabulous prices. The flour used was brought from Chile and sold for \$20 per barrel. Everything in the way of food excepting meat was proportionately high. Labor, when it could be procured, was from \$10 to \$18 per day. Lumber cost \$100 per thousand feet for hauling alone.

(To Be Continued Next Week)

Odakonya Camp Fire Group under the leadership of Mrs. D. W. Ribble met last Saturday in the Camp Fire room at the Scout Hall to make ceremonial head-

bands and elect officers for the coming semester.

Vivian Andres is the new president and Merlyn Shaves, Norma Mussler and Arlene Catrino hold the offices of vice-president, secretary and treasurer, respectively.

On the Sunshine committee are Ethel Seabach and Elizabeth Ribble.

This group sold 600 dozen doughnuts during the Camp Fire doughnut sale.

The next meeting is to be held Thursday afternoon when the girls will pack two party boxes for European children which will include games, favors and refreshments. They will thus complete one of the requirements for this year's National Birthday Honor.

NEW BUSINESS

Jack Schmidl, 419 E. Campbell avenue, recently established auto parts business here. In addition to new and used motor and chassis parts, he handles a complete line of tires, batteries and auto paints, plans to have a paint gun available to rent for car owners who want to paint their own.

Softball Chief Calls Meet

A meeting of softball officials from all cities of Santa Clara County, south of Mountain View, has been called for Wednesday evening at 7:30 p.m. by Frank W. Bramhall, Softball Commissioner for the Northern California Softball Association for this area.

The meeting will be held in the Recreation Office in the City Hall in San Jose starting at 7:30 p.m. Softball commissioners from Sunnyvale, Gilroy, Campbell, Santa Clara, Los Gatos, Morgan Hill and San Jose have been invited to attend the meeting.

The softball commissioners will discuss the possibility of uniform playing procedures to be set-up in regards to field operations with the critical power situation. Eligibility rules and registration fees for teams registered with the Northern California Association are other matters expected to be presented during the meeting.

Playing conditions for teams from throughout this area will be affected by the decisions reached at the Wednesday meeting and representatives from all cities in the area are urged to attend.

Further information about the meeting may be had by calling the recreation office in San Jose at Columbia 4489.

Maderis, H. S. Varsity in Exhibition Wins

In a pair of exhibition basketball games played at the high school gym Tuesday night as a sort of denouement to the current season the varsity of the high school took the measure of the Campbell Hardware team to the tune of 33 to 27. A favored Chinese commercial league team from Watsonville took a sound thumping from the Maderis Food Center quintet, 61 to 21. Tonachi of the Maderis team sparked his outfit with a total sinking for 18 of the 61 tallies.

Junior Shows His Mettle

The High School youngsters, on their toes every minute, just wouldn't give in to their more experienced opponents—the "aged" veterans of the Hardware outfit. But the score was close enough to hold the interest of the packed house every minute. The defensive maneuvering of the high school lads, coached ably by Robbie Robinson, saved their bacon. They played a sharp brand of heads-up ball and won their game going

away. Score another point for the theory of the good, young fellow taking the measure of the good, old boy. But, even at that, the Hardware boys didn't look as though they were ready for the Old Folks Rest Home.

The box score:

H. S. Varsity			
	fg	ft	tp
Forest, G.	0	0	0

Totals	12	3	27

There's a reason for scalding milk before using it in a yeast dough. The scalding stops the enzyme action which might otherwise cause some softening of the dough. The simple step of scalding the milk makes the dough easier to handle and improves the texture of breads made from it.

High Basketball Season To End Game Friday

The curtain drops on the 1947-48 SCVAL basketball season this Friday night, when Campbell High meets Los Gatos in a traditional encounter at the Los Gatos gym. Little is at stake as far as league standings are concerned, but either team would consider the season successful with a win over the opposition.

Probable starting lineup for the Red and Blue Varsity finds, Monte Dayton and Bill Magginiti at forward; Milt Howe at the tip-off position, and Vic Corsiglia and Reg Gazay at the guard spots. Los Gatos will depend on Jack Panighetti and George Potoc, forwards; Don Callahan, center, and Roy Mullins and Don Payne, the guards. As these games are always hard-fought the contest is rated a toss-up.

The 130 exp. tilt finds the Wildkittens favored, with their leading player Len Rovai expected to turn in his usual fine performance. Dave De Vilbiss, Jim Beth, and Bob Williamson should lead the local entry.

Clear Diamond For Softball

Union District Improvement Club members will help clear a softball diamond for the Union District Recreational Center, using their own tractors and equipment. In addition, the club voted at a recent meeting in We and Our Neighbors clubhouse, to donate money to the Center.

Paul Ridley, president, conducted the meeting and called on R. A. Mirassou, William Black and Miss Ruby Hawes for reports.

Movies were shown and refreshments were served. Mrs. W. J. Faria and Mrs. M. G. Ferro were in charge of the social hour. The club will meet again April 7.

A dandy ice container can be made by cutting off the top of a milk carton. They fit snugly by the ice compartment and will keep ice frozen for almost a day.

Sportsmen Asked To Assist in Game Protection

The executive officer of the Division of Fish and Game today asked the State's sportsmen to conscientiously observe conservation laws and regulations during 1948 when fish and wildlife are expected to be more vulnerable because of extreme drought conditions.

On the eve of Wildlife Conservation Day, a part of the State's observance of Conservation Week, Emil J. N. Ott Jr. called for increased efforts in protecting wildlife resources. He said concentrated populations of deer, quail, and fish caused by water shortages will provide "serious temptations to hunters and fishermen other than sportsmen."

Additional threats to California wildlife this year include increased dangers of water pollution, forest fires, lack of forage, and inadequate water for waterfowl and fish. Ott reported rescue of fish from drying streams has started two months ahead of schedule in some areas of the State.

"The necessity for straightforward compliance with fish and game conservation laws and regulations," Ott said, "will become evident this year when double the number of anglers and one third as many hunters as in 1944 will take to the field."

Legion Names Card Party Committee

Last night, March 10, the American Legion, Campbell Post No. 596 made plans for its annual card party to be held Saturday, May 15.

A. G. Knowles was appointed by Commander James Peer as committee chairman. Knowles will be assisted by the following members: Guy Smith, Roy Hammond, Alvin Carter, John Crawford, Norman Carvello, Clarence Fagilde, Edwin Lee and Commander Jimmy Peer. It is also expected that the ladies of the auxiliary to the Campbell Post will assist.

FARM NEWS AGRICULTURAL EXTENSION SERVICE

EXPERIENCE AND IRRIGATION

Experience in past years may be the best guide for deciding upon an irrigation program in a year of drought. No absolute rule of thumb can be applied to the different soils and crops, says G. D. Worswick, assistant farm advisor.

Growers are in the best position to decide when and how to irrigate if they have measured the depth to which the soil was wetted in previous seasons and learned how long the soil moisture lasted by noting the condition of their crops.

Samples of the soil at various depths can be obtained from the field with a soil tube or soil auger. With a little experience a farmer can learn to judge the approximate moisture content of his soil by examination. Wilting of the leaves of the plant is a danger signal that most of the readily available moisture is gone from the soil occupied by the roots of the plant.

Some basic principles of irrigation apply in a general way to most conditions. Understanding of these principles will be helpful to growers trying to make the most of a tight situation this year. G. D. Worswick, assistant farm advisor, says the Agricultural Extension Service, will supply information to growers on

1. Readily available water per foot of soil in the different soils of Santa Clara County.

2. Depth to which roots of different mature crops will exhaust the available water supply in deep, permeable, well-drained soil under average conditions.

3. Water use of irrigated crops by transpiration and evaporation. Such information will be supplied on request at the Extension Office, 201 Post Office Bldg., San Jose.

Marionette Show Slated

Scott's Marionettes of Carmel are coming to town!

The puppet show, entitled "It's None Too Easy" will be presented at 7:30 p.m. on the evenings of Tuesday, March 16 and Wednesday, March 17, in Campbell Grammar School auditorium.

Performances are to benefit the summer recreation program here and are under the auspices of Campbell, Moorpark and San Tomas PTA's.

Children of the three schools are selling tickets to the event at 50 cents for adults and 25 cents for youngsters.

Play safe if you favor shower baths and put a large turkish towel or rubber mat in the bottom of the tub to prevent slipping.

Power Shortage

(Continued from Page 1)

Clara County Farm Bureau and various leaders of industrial plants in the area.

The Pacific Gas and Electric Company's San Jose Division has been divided into four zones, in each of which agriculturists are asked to discontinue using electric motor for pumps, and other large uses, for the 24-hour period. This program of voluntary action by agriculturists is an experiment which, if it successfully accomplishes the required curtailment, will obviate the necessity of the switch pulling resorted to last week. If this experimental plan is successful, and large motor loads come off the lines voluntarily, as indicated by substitution meters, other loads in rural areas; such as refrigerators, dairy units, brooders, residential lights, etc., will not be disturbed, as in the case when switches are pulled.

Farmers have been notified through the press and over the local radio stations of the following zones and prohibited pumping days for the present week:

ZONE I: Is that area east of Lawrence road lying north of Stevens Creek road and Story road. (This includes Agnew, Alviso, Milpitas, Berryessa, Santa Clara City fringe territory, and Alum Rock areas) **TUESDAY, March 9.** This area saved 3300 K.W. by the voluntary program.

ZONE II: All the area east of Quito and Lawrence roads lying south of Stevens Creek road and Story road. (This includes the general area of Los Gatos, Campbell, Edenvale, and Evergreen). **All day WEDNESDAY, March 10.** (24 hours).

ZONE III: All that territory in Santa Clara County west of Quito and Lawrence roads. (This includes the Sunnyvale, Mountain View, Cupertino, Los Altos, Monte Vista, and Saratoga areas). **All day THURSDAY, March 11.** (24 hours).

ZONE IV: All of San Mateo County, except the area north of San Bruno and Montara. **All day FRIDAY, March 12.** (24 hours). (Refer to map reproduced herewith).

An important feature of the plan is that curtailments cannot be made up. Due to the drought, the Northern California electric utilities not only cannot handle the present demands of all customers simultaneously, but also must save water in reservoirs now in order to be able to generate some energy later in the summer when the water and power situation will probably be much more acute.

Sentenced on Exposure Charge

An indecent exposure charge, resulting in a sixty-day County jail sentence and a year's probation was handed out this week by Judge John Blaine in Campbell Justice Court to Charles Richert of Cupertino.

The 24-year-old married man had been under suspicion by Deputy Sheriffs Phil A. Cuffaro and John Van Epps since a series of such cases had been reported during the past two weeks. School authorities cooperated with Sheriff Hornbuckle's office in supplying details.

The victims of the man's peculiarity, all school girls between 14 and 16 years of age, were unharmed, but badly scared by the ordeal.

Here's use for hubby's old socks. When traveling, why not pack your shoes in them?

SIGNS OF THE TIMES

(Continued from Page 1)

valuation of both improved and unimproved property in this area is somewhere in the neighborhood of \$2,200,000. That is a very healthy figure for a proposed new town. There are many towns, incorporated within the past 10 years that did not have a tenth of that.

x x x

Immediate benefits of incorporation cannot possibly be evaluated. The town will have to go through a period of trial and error, of progression. Much will have to be learned by its officials. They are, admittedly, just plain John Q. Citizens. But they will have the future benefits of Campbell at heart. Of the 30 to 40 names mentioned for civic posts, the writer can find no fault. They are citizens of long standing, property owners who will be just as affected by the success or failure of the venture as the thousands who do not serve in public capacity. Any talk of a political coup to "run things" is pure bosh.

x x x

Again we urge those not registered, to do so at once. Two strategic locations are available. One is at Guy Farley's Real Estate office, the other at Clark's Drug store. You must be registered 40 days in advance of the election which is on May 25. No matter how you feel about the coming election, register now and express your views at the polls.

x x x

Campbell, we think has arrived at that point in its life when it sorely needs the things that only an autonomous group can achieve. It can now be classed as unique among the community of American towns. It has no leadership. No police force. No town hall. No individual among its several thousand residents to look to for help and advice that all communities need. It is solely dependent on the Santa Clara County Board of Supervisors. Actually the town lives and breathes in an aura reminiscent of baronial days when the serfs depended on the barons for what little tidbits they had tossed to them. The time has come for independent community thinking. That thought will be expressed with an "X" for yes on May 25 or it will prove the correctness of the theory of the feudal system that as long as people can be kept in ignorance, and given a hand-out now and then, they can be kept satisfied. Which means they can be dominated. Lazy thinking should have no part in the lightning chain of political events shaping up around us today. An informed and alert public is the constant threat to political domination. Keep your thoughts sharp on today's events.

x x x

A registered voter is the first qualification for a good citizen.

x x x

A good citizen is a good neighbor, an asset to his community and the staff of life on which the rise or fall of his land depends.

x x x

Vote for incorporation on May 25, if you want to see a greater Campbell in the future.

Tires of Waiting—Builds His Own Store Building

It's good to hear of the progress, and the whereabouts of friends of long ago. With this in mind we bring you news of a former Campbell resident of a few years back—Donald A. McQueen. Mr. McQueen spent two decades after World War I, in Campbell in the painting and decorating business.

Today, with his partner, Harry Loos, he is the proud owner and operator of the Dutch Boy paint and wallpaper store in the McQueen building on the San Jose-Los Gatos highway in Burbank. The new building, completed in early February is actually a monument to the perseverance of the two men. When the contractors employed to do the building job reported trouble in locating materials and labor, the two men pitched in, secured the things they needed, rolled up their sleeves and went to work. Result—the building completed on time.

Housed in the 200-foot long structure, besides the paint store, is the Teter Furniture Company, The Twins Yardage Store, and a Launderette. The latter, ably managed by Bertie Miller, is distinctly a model example of how far imagination can go in "dolling up" such a mundane place as a laundry. So sparkling is the interior, so far removed from the ordinary conception of a laundry that you have to look twice to make sure you're in a laundry and not a beauty salon.

The building has been done in semi-modernistic style, deep windows extending nearly to the ground. Decorating, as you might suspect, is eye-pleasing in blending pastel tones. In all, the McQueen building shows careful planning and design that should fit the needs of the community for many years to come.

Neighbors of the donors or, it may happen, the donors themselves. All communities in the area, and groups and individuals within these communities, are urged to build up "credit" in the blood bank. In order to further assure this, blood donor clubs are being organized among the civic, fraternal and other organizations and among employee groups.

Blood Bank

(Continued from Page 1)

neighbors of the donors or, it may happen, the donors themselves. All communities in the area, and groups and individuals within these communities, are urged to build up "credit" in the blood bank. In order to further assure this, blood donor clubs are being organized among the civic, fraternal and other organizations and among employee groups.
